7 svar

its boring

its not easy

There is good vibes

I'm motivated, when the learning process is something I find fun. If it's not interesting at all, I'm not so motivated.

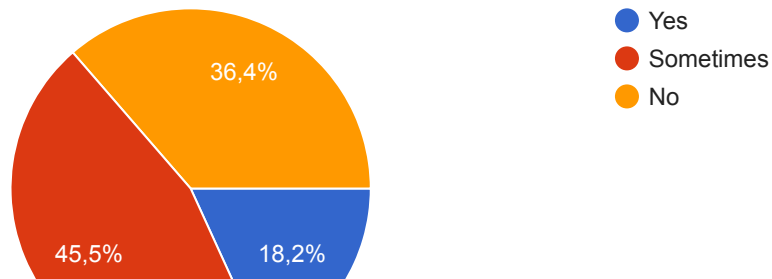

Because of the good vibes in the class room, it motivates you to be and get better.

is can be difficult sometimes

I am motivated because I like to learn a new language

Do you find learning German easy?

11 svar

Why is learning German easy/difficult?

6 svar

its a hard languges

.

The level of difficulty is not always so high

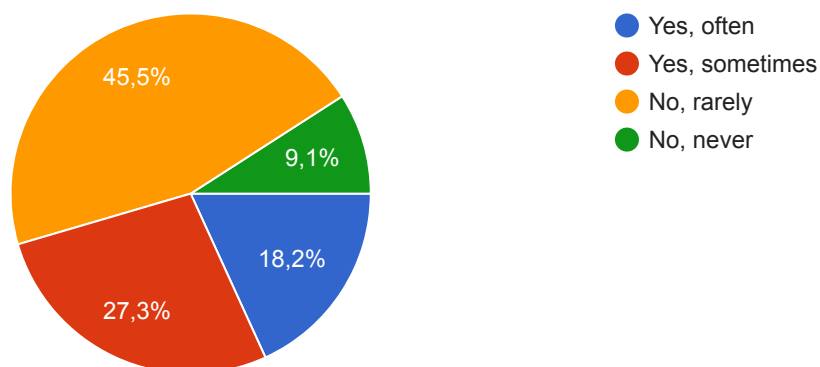

Because it's a foreign language, and you don't talk it as much like you talk English for an example.

not a easy language

because the German language is a bit like the danish.

10 svar

Does the relationship with your teacher help you learn better?

11 svar

Can you give examples of how the relationship with your teacher affects you?

4 svar

she helps alot

If the teacher was an angry person, who didn't care about the children in the class, I would find the relationship bad and not be as motivated to learn.

She connects with everybody in the class and doesn't leave "anyone behind". And she brings humor into the class.

My teacher is very good at motivating her students.
